### Using Identifiable Images in CPAS Publications

Under the General Data Protection Regulation (GDPR), identifiable images of individuals can only be used in CPAS online and printed materials with written consent. This is where a name (or other identifying feature) is shown with or in a photo.

Please indicate below whether or not you give consent for your image to be used in this way.

- I do not consent to CPAS using identifiable images of me.
- I consent to CPAS using identifiable images of me in its online and printed materials in the context of informational and promotional materials, fundraising and supporter relations. I also consent to CPAS sharing such images with external service providers (e.g. CPAS' web agency and mailing houses) where necessary, for the purpose of producing CPAS materials. I understand there is no expectation that I give my consent, and that I may withdraw my consent at any time by contacting the CPAS office. My explicit consent is therefore freely given and informed.
